Corrigendum

Modular Tables with Granite top for Mechanical Engineering Laboratory at Transit Campus, Kanjicode.

Correction in Table Specification in Tender document.

- Page no 3, Specification Table:- Serial number 2e – work bench breadth (length of C frame/ table depth) should be 1200mm instead of 1000mm.

Additional Points

- **Storage units**
 - Must be fastened to the work bench.
 - Must have one drawer and one cabinet per work desk unit. The cabinet must include one horizontal shelf.
 - Width of storage units:- 450 mm (min)
 - Depth of storage unit: - choose depth such that the storage unit occupies the full space from front desk to back panel.
 - Height of drawer: - 150mm to 200mm.
 - Height of Storage cabinet: - 400mm to 500mm.
 - Must be made from CRCA sheet metal conforming to IS code 513:1994-atleast 1mm thickness.
- **Electrical and network**
 - *Work desk cable management system*
 - Must be made from CRCA sheet metal conforming to IS code 513:1994- 1mm or more thickness.
 - The front surface that houses the electrical points should have a slope.
 - Must have cut outs to house 6x5/15 plug points (each with dedicated switches and one LAN port per work desk.
 - Approved make for switches, plug points and LAN ports are: - Legrand, Northwest, MK.
 - Maximum Power Consumption per work bench- at least 750W.
 - The colour of Phase wire used must correspond to phase marked in the wiring diagram. Green to be used for Earthing.
 - Rating of all wires for connection to workbench- at least 4sq mm, FRLSH.
 - Approved make of electrical wires-Finolex, V-guard, Polycab, L&T.
 - CAT6 ethernet cable will be provided by IIT Palakkad. Connections to the workbenches is under the scope of bidder.
- **Plumbing Lines for Sink.**
 - ¾ inch dia. uPVC pipe for all plumbing works with preferable make- Watertec, Supreme, Finolex.
 - Steel high mount water taps of preferable make- Cera, Hindware, Watertec.
 - Steel Sink of standard dimension under 500x500x300mm, preferable make-Cera, Hindware, Godgrej, Parryware.
