

# EVENTS

## Flash talks

Fast-paced presentations to share your research and findings to the general educated audience in an engaging and concise manner without the use of video and powerpoint.

## Research talks

Detailed technical presentations that share critical insights and challenges in your work with the research community.

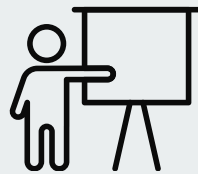

## Panel discussion

Moderated conversation where experts share critical insights and diverse perspectives on a subject relevant to researchers.

## Poster presentations

Concise and visual mode to present your research findings, and engage in interactive discussions with viewers.

## Networking lunch

Informal gathering to connect, share ideas, and build professional relationships over lunch on 22nd February.

20+  
Flash talks

150+  
Poster presentations

20+  
Research talks

## RESEARCH SCHOLARS' DAY 7.0

# PRAVAHA

The flow of knowledge

**Inter-Institute Networking Event**

With the aim of facilitating knowledge exchange across research communities, the seventh edition of Research Scholars' Day at IIT Palakkad invites external research scholars and postgraduate students to share their research alongside the Institute research scholars.

**Interested to sponsor the event?**

# OBJECTIVES

- Showcase the ongoing/published work of researchers from different institutes.
- Connect researchers from different institutes to foster collaboration, knowledge exchange, and innovation.

# KEY POINTS

- Researchers can participate in all the events.
- Certificates of merit will be given to all the participants and the winners.
- Opportunity to closely interact and possibly collaborate with IIT Palakkad faculty and research scholars.
- Experience diverse topics and connect with experts from various areas of specialization

# WHO CAN PARTICIPATE

Research scholars and postgraduate students in any of the disciplines listed below will be given priority. Faculty, industrial experts, and others may also apply.

- Biological Sciences and Engineering
- Chemistry
- Civil Engineering
- Computer Science and Engineering
- Data Science
- Electrical Engineering
- Environmental Sciences and Sustainable Engineering
- Humanities and Social Sciences
- Mathematics
- Mechanical Engineering
- Physics

## Important Dates

for participation in poster, flash, and research talks.

- Abstract Submission:**  
10 December 2024 - 20 January 2025
- Acceptance mail:**  
21 January 2025 - 31 January 2025
- Fee payment:**  
01 February 2025 - 10 February 2025
- Pravaha**  
21, 22 February 2025

**Registration fee: ₹500/-**

(only for accepted abstracts)

*In case of queries, please contact*

Fill the form for

# IIT Palakkad

- Established in 2015.
- Institute of National Importance.
- It is one among the 23 Indian Institutes of Technology (IIT) and the only one in Kerala.
- Ranked 64th in the National Institute Ranking Framework (NIRF) 2024.
- Nestled in a 504-acre campus amidst the serene beauty of the Western Ghats in Palakkad.
- 450+ strong research scholars and 130+ faculty from diverse areas of expertise.
- State of the art research and academic facilities.

## Research Scholars' Day

- The Research Scholars' Day of IIT Palakkad is the annual flagship event of the IIT Palakkad research community.
- It celebrates the research contributions of scholars across diverse disciplines.
- It serves as a platform for researchers to showcase their work, engage in meaningful discussions, and foster interdisciplinary collaborations.
- The event features poster presentations, oral talks, and keynote sessions by distinguished academicians, creating an inspiring environment for innovation and knowledge sharing.

## Pravaha

- The seventh edition of the Research Scholars' Day aims to enhance the flow of knowledge among researchers. **Pravaha** beautifully encapsulates this essence.
- The term means "flow" in Sanskrit, symbolizing the vital process of knowledge exchange, much like a river that begins as a trickle and gathers strength through tributaries, ultimately merging into a vast ocean. This metaphor reflects how diverse research ideas converge, enriching the academic landscape and fostering innovation. Just as rivers nourish the land and sustain life, the flow of ideas nurtures intellectual growth and collaboration among scholars.
